Date

03.12.2016 - 04.12.2016

OBJECTS

For two days, and two days only, 8 architecture offices present 64 scale models in the former welding factory 019 in Dok Noord, Ghent. This collection of 64 models extracted from the studios reveals largely unseen work and a diversity of approaches. Models live an ephemeral life. Models celebrate architecture. So does the opening and closing evening of 64 models.
